Gary,

I was driving home last night when I was=responding to this. I told Jefferey I would do whatever it takes to make th=s pool right and make him happy, giving away money in times like these migh= make him happy but I can't do that, we came down there to drain this pool a=d get pool all good, which I know we could have got acceptable, again trave=ed down there and did not rely accomplish anything. I also told Jefferey wh=le we were in our discussion that if the pool was unacceptable after we was=ed it and he wanted to tile it I would deduct 20,000-22,000. On flag pool. T=is is two total different crews that will be in here. So the way I am looki=g at it is he is deducting close to 50,000. Again I came down there t= resolve a problem so money could get released, and I would appreciate if i= could be.

Thanks Gary, I will wait to hear back from=you, By the way what co. Is that tile coming from?

Persuant to your conversation with Jeffrey as to the replastering of the flagpole pool at your expense, we propose the following.

We will furnish all the materials to tile the main house pool (unglaser OAR0811 SAPHIRE 1X1)
You furnish the labor to tile the pool in lieu of replastering the flagpole pool
We pay your final invoice of \$34,742.12

Please review this and give me a call.

Gary
