the plot thickens.

bill is thinking of coming back for 9 months. please don't repeat tha=, even to boris. i know boris knows that but i just don't want this sprea= around via me, or getting back to bill or boris.

bill says stevie is too mean to be a ceo (plot calling the kettle...u=hh) and that he needs to be more huggie and sunshiney to the outside worl=. steve argues that it's about innovation and making good products (he th=nks like steve jobs...focus on deliverables and good stuff not the social=side of things). or i guess...make something people want and you don't ha=e to be huggy.

they are also considering a weird model akin to what it used to be wi=h a CEO and a strong CTO (the manager like ballmer and the technical pers=n like bill, back in the day). steve might fit the CTO job.

process slowed bc person on the board running the search just deraile= his own company and is a little distracted since now the sharks smell bl=od and are circling. his company likely to implode.

keep it tight.

how are you?
