My Boy,

Thank you for being in contact with Ron. I have been somewhat out of the loop for the last week, unfortunately Mum at 85 is not doing very well. As I am sure you recall she is very English and the idea of going to the doctor and making a fuss abhors her. Needless to say she sends her love and recalls the fun weekends when you came to Wraxall. I am very grateful for all help with the Buhl, the old cliché of amazing actually is true with this one, especially with the parking. It is however bewildering how people don't seem to recognize what is going on in Detroit. I will always remember what Jimmy Goldsmith said, once you have jumped on the band wagon you have already missed it. I know you are incredibly busy, but would there be a good time to call you tomorrow???

Best Wishes as always and many thanks
Julian
