This is not a completely true argument... 3 years ago I was still in University, and it was a good one, best in [REDACTED] I decided to do this course because the people I worked to, and that I admire as highly skilled [REDACTED] have finished this course on top of their University. Indeed this is a private one, but the teachers are from [REDACTED] school and are very good ones. This is my plan for the future...I want to become a successful Brand Manager or marketeer...

I need your support in this...even is only moral...
Thank you. =br>

Two years ago I tried to get you to go to school and stop trying to [REDACTED] I introduced you to [REDACTED] I still would like to help = but these fake academies that offer certificates in [REDACTED], are only set up to take advantage of people. You need a real plan with a future

Hi Jeff,

Please don't take it the wrong way.

You always pushed me to study and have a strong professional career. And all the time told me that your help out with that by subsidizing the certain course. Is that offer still available? Would you be able to help in this situation?

I thought I'll be able to make it on my own, but usually this kind of expenses are covered by the company I'd work for.=.there is no student that pays on it's own... (also because it's a postgraduate). And since I'm in search for a job still, I'm struggling with paying it. I don't want to give it up....I already paid the first month fee, and on top of the below scheduled fees I'll have to pay an extra £400 for registration on the [REDACTED] website + exams fees. You are my solution... if not, I'll probably loan money till I find a new job.=.

Feel free to say no, but I'm counting on your help.=.

Many thanks,
