I had a buyer for the helicopter several months ago. He is Nigerian so naturally everything stopped. His AGENT called me earlier today and now is according to his AGENT ready to proceed ASAP. His deal was buying the ship at 1.7m AS\$.

The deal is as follows

750 11.9m less 100k to me

472 1.7m less 100k to me

You make 11.9m for 750 and are out and clean.

If I can get him to the table I strongly suggest you take it, he will not pay more since that is where his head is and will switch to a B model which he can purchase for the same price.

I am speaking to him in the morning at 0900 so need your response.

As for the deal running through my books for you I am glad to do it just need to figure out the math.
