Driving here in the night, we couldn't see house #s and this is where the gp= stopped us! We both looked at each other in terror. [REDACTED] exclaimed, "I t=ink big white houses are creepy!" I responded, "I think houses surrounded w=th barbwire are creepy! If this is it, we are sleeping in the car!" This pl=ce looks like a perfect murder/massacre film sight. The inn was across the street, hidden behind tall shrubs... It scared the sh=t out of us!
