for you approval, please find attached US State Dept. trip via =Universal Jet Charter,  
\$291,383.00 if landing only in Malta  
\$333,828.00 landing in Libya if State Dept approves only 100M liability.  
This trip has to be completed by April 28th, since Boeing is scheduled f=r maintenance at that time,.

Please advise if you want me to present this =quote to Universal Jet ?
