Hi Cecile:

A site inspection will be scheduled and then the CO will be issued. I am uncertain as to the reason for the delay, but I will ensure that it is expedited.

Good afternoon Alicia,

FYI- Mr. Epstein has been waiting for a C of O on his library for two months. He said that a Mr. Phil Smith of the DPNR Building Department was supposed to have is done but he (Epstein) has not heard a word in two months. Do you happen to know what the issue/status is?

With warm regards,
