Hello to the thr=e of you.

Michael is a YGL and I spent some time with him in Cape Town =nd London – transitioning from Barclay to WEF very soon.<=p>

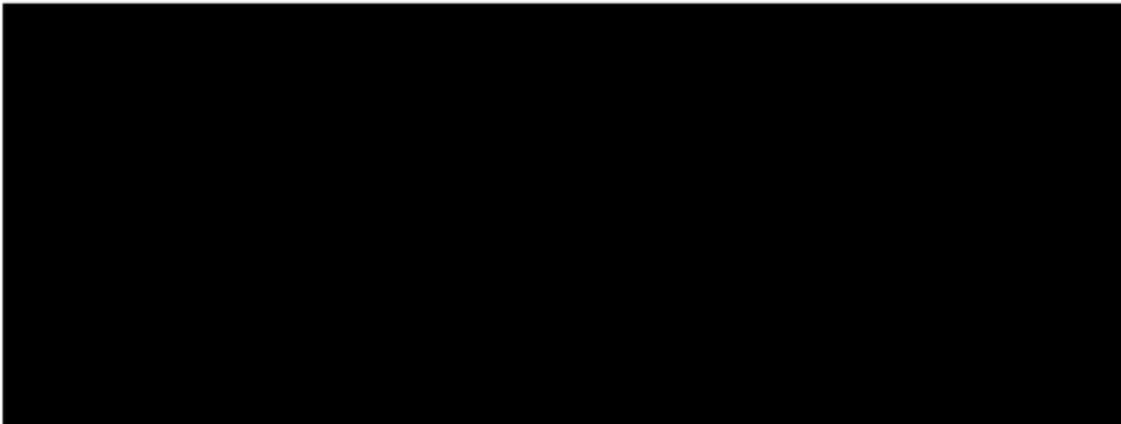

I am cons=ructing my very own Venn diagram between you guys....I think the overl=p space has potential.

There is perhaps quite a lot for you to discuss r=ative to the ideas around innovative finance and Lord knows, probably mat= and physics too.

=p class=MsoNormal>Not sure of everyone’s travel plans but I recall=that Michael may be in NYC next week.

<=:p>

I’ve mentioned this introduc=ion to each of your separately but figured that a formal linkage was the b=st next step.
