Larry needs answers for these questions Universal is asking regarding the Africa trip...

Larry,

We will need the following information for N909JE upcoming trip:-

- Departure times from KTEB, GOOY, GATB, GABS and FOOL. If you are not certain of the schedule yet then please give us your best guess so that we can go ahead and request the Africa permits we can always update the schedule once the permits have been approved.
- In order to obtain landing permits for Gabon and Mali we need local business contacts to include name, company, address, tel #.
- Is UV to arrange crew hotels? If not, please let us know where the crew will be staying.
- Is UV to arrange crew transportation?
- Should we arrange UVair fuel at each location?
- Pax information
- Are security briefs or services such as aircraft guards or secured transportation required at any location.

Regards,

Janet Curl  
Delta team
