Subject: Re: this is not a priority,,

Good morning,

I understand your concern, please know that we are operating from your list of priorities, as you laid them out to me during your last trip.

In between the "big things" I do send a few members of the crew to keep up with routine maintenance, so that established areas don't get over run with weeds and pests, as some areas currently are.

As for the Entry "Boulder basket"

I think we need some 7'-10' trees/palms to fill in the empty look of the tall coconut trunks.

I also think we need Bouganvillea, or Alamandras planted around the rocks to crawl over the boulders and give much needed color to that area.

I will be in St. Croix tomorrow to see what is available, and I will send pictures of what I think will be good, for your review.

Joseph's crew also cut the helipad/gym areas, cleaned the red grass and trimmed coconut trees.

Joseph, I would like to settle on your pay raise, please talk to Brice, and keep me in the loop. I have asked that we concentrate on big things: no trimming cutting raking,, the entry basket needs a lot of work,, ideaS:?
