these seem to be the big areas at the =oment

-nick and 71st .... book and oversee the =ob

-FTC new internet ..... get rid of sprint and =ake the apple server the gateway after your ok on pricing, reasoning =nd timing

-employee configuration and =elp (hbrk) continue employee training and file =ransfers

-71st (club 54) investigate with =ichard barnet what rooms are active and install additional sonos =evices

-LSJ (switch upgrages) confirm with =ermaine asante order (replacing cisco on the mac side) after =our approval

-Zorro (server, vpn, basic =witch)

-Pick a date with darren to shut =own 71st (ie citrix,cisco etc =

thank =ou

Scott
