Note,  
The previous email Husham sent, he copied Claire that included airframe status  
This email, that he recommends 1C check he did not copy Claire

Hi Larry

C check Package

we recommend This to be used as the pre-buy plus the OOP items which shall be defined. Those could be included to identify new accesses for inspection.

Regards

Husham

Dear Larry,

Tried to call you but couldn't get through. So I left a message.

Please see attached TRAX documentation. access didn't work but we extracted lots of data and status reports which you would need to view.

C check package is coming

regards

Husham

Dear Larry

I hope you are ok.

I will try and give you a call this evening if thats ok to discuss about the process of technical side and prebuy. We are preparing a maintenance tracking from Trax and C check package is being prepared as we speak.

Please find attached the LOPA before and after the mod done at L3 in Waco, USA.

regards

Husham Osman  
Director Technical
