Greetings from American Express Centurion Support!

I have called the Tawara-Ya and they have one room available checking in on the 25th, and out on the 1st. However, it is a Double/Queen FUTON. Western style bed is not available. There is only 1 in the room as well, so they would need to share a bed. The Ryokan will not bring an additional bed or futon. They said it is not possible. Impossible is actually the word they used. If they are willing to share a futon, the rate is 8311JPY per person, per night. They have a 4 day cancel policy. To book the reservation, they do require the legal names, which we have from the airline booking as well as the Credit card, which we also have, and 4 digit CVV. We do not keep the CVV on file, for security, unless your Natalia has it. We have to FAX the request over. They do not take any reservations via email or phone. If the girls are willing to share, please let us know and we can call you to get the CVV.

This is currently the last room available for these 6 nights at this Ryokan.

Tawara-Ya

Check in Sunday 25 September, Check out Saturday 1 October. 6 nights Double/Queen size FUTON only. 68311JPY PP/Per night = 665.50USD per person/per night
4 day cancel policy at 12 noon local hotel time.

I hope this helps and as always, we are here to help.
