Dear Jeffrey

I hope you're well since I last spoke to you in the spring. I wanted to know if you're looking for a house keeper. I have someone who's been with me 3 summers and she needs a full-time job which I can't give her. I hate to lose her next summer but I would like to recommend her to you if you're still interested looking for a full-time housekeeper. she is legal her name is Isabella and I just adore her. Professional and my home is spotless organized etc <=iv id="AppleMailSignature">

Let me know if you want to meet her.

Best,

K
