If memory serves, we painted GII Silve= to Black at Jet Aviation Paint Shop Palm Beach, the same time we sold your=White 1963 Corvette convertible to Willis the paint shop manager at Jet Avi=ation PBI, The official doc would b= in the Aircraft Log book, which correct owner has possession.

We ma= have invoice record of Jet Aviation paint shop in NY archives, date 1997 i= a guess, The GII is parked in Ca=acas Venezuela now, I'll check if the same pilot is flying it, and try to g=t the log book entry if you like?

Claire,  
Thank you for clarifying your Controller ADD.

Could you answer the following questions:

1-Is A6-DFR on MSG-3 Maintenance program?

2-What maintenance facility does the Heavy inspections? (Such as Last C Check).

3-When was the Last shop visit / Engine inspection completed on Both Engines?

4-When is the Next scheduled Engine Shop visit?

5-Could you provide "Read Only" access to the Computerized maintenance program for me? I'm mainly interested in HPC Disc cycle life remaining.

6-Do you have a Maintenance Budget for the 1C inspection Due in 2017?

7- the 4A inspection was due August 08, 2016 where was that inspection completed? Would it be possible to review that invoice?

8-Are the engines "On Condition" or Hard time overhaul?

Best Regards,

Larry Visoski
