Hi Suhas, Jeffrey,

<=iv class="gmail_default" style="font-family:arial,Helvetica,sans-serif;font-size:small;color:#000000">

= wanted to introduce you guys.

<=div>

Suhas is one of the founders of Hudson River Trading and is now running a Bitcoin R&D lab called Chaincode along with one of the other HRT founders, Alex Morcos.

Jeffrey is very keen on the cryptocurrency space; in particular he has a unique perspective on the regulatory/tax side of things.

We (Suhas, Alex, Myself) should all be in NYC the week of July 11th so perhaps some time that week would work.

Best,

Jeremy
