Sorry for my shellshocked stuttering tonight, and thank you for your =eedback. I appreciate it greatly, and I will deal with my issues. As =ou know, a large part of it is a lack of empathy for which I have to =ompensate.

The reason why I wanted Katherine Gallagher as my assistant is exactly =his: she is smart, capable of giving reliable social advice and "adult =upervision".
She is currently doing administration for Martin, and works as a =eaching assistant at Harvard, too. Perhaps you should talk to her. Or =o you have someone else in mind?

Since the MIT student affair broke out, I have been very anxious and =epressed; without your generosity, and the emotional support of my =ife, I could not have gone on. It seems that anxiety and Adderall have =een a bad mixture. I think it will get better when there is some =esolution.

The immigration lawyers tell me they need a message from Darren so that =hey can proceed.
