Hi [REDACTED],
=

It was great to meet you last night.

I enjoyed talking to you about so many things. Your English is impressive for having been here for only two years albeit you spent 10 months, as a girl, in Great Britain. Congratulations, by the way, on the results of the test I gave you of US vs. UK English.

Did you get to bed soon after we last saw each other, as you had hoped? I admire=your ability to get to bed early and look forward to the free seminar that you've offered over coffee, ha,ha. I'm glad that I caught yo= before you attend the [REDACTED] and your rates go up (from free), ha,ha.

[REDACTED]=, I think that you were being modest with me when you said that you're=only a part time model. Your beauty is quite remarkable. I know that I'm n=t supposed to say things like that since it breaks many rules, but oh well, sometimes rules should be broken.

How is your day going?

Hey, hopefully you can come on my sailboat one day this season with my friends and me or at least to one of my parties.

I would love to continue our discussion over dinner one day, my treat. I can call you to discuss it.

I can get together on Wed. and Thursday evening. What works best? How about Wed.?

Sincerely,

Gregory Hold
