Hi Martin:

I have had some internal conversations regarding the potential cooperation with PED. We're very interested in finding the right doctoral graduates for PED. Would you offer more information related to the qualification and screening of the candidates? Is there an electronic brochure for recruiting? The timing, and how many you expect from Tsinghua. If it works for you, we can have a chat on phone.

Dear Martin:

Thanks for your quick note. I will contact you early next week, after I return to Beijing, for a further discussion on this program.

Very best regards,  
Jack

Importance: High

Dear Jack

I would be very interested in your best students who have finished PhD in fields such as mathematics, computer science, physics or mathematical biology, bioinformatics.

I am a professor of mathematics and biology at Harvard university and director of the program for evolutionary dynamics.

<http://ped.fas.harvard.edu/>

Please let us discuss details.

Best wishes  
Martin
