Greetings, I hope this finds all well with you for the new year. I am currently doing electrical work with Mike Glidden and am scheduled to perform work on LSJ tomorrow. I am writing to make sure this OK with you. We are scheduled to load materials on the 7:00 AM Barge. I also left you a voicemail on the last cell # I have for you. A prompt reply would be greatly appreciated, as I would hope to avoid any unforeseen difficulties. Regards, Bruce
