Jeffrey,
Michael said he'd split the difference with us, if you would agree to \$4.56 per gallon,
original price was \$4.82, and I told them \$4.30 per gallon.,
\$50K up front via wire,
is this approved?
thanks,
Larry

John lola, for St, Thomas Petroleum is putting together a price including truck options for our own fuel, in the
mean time, I think we should commit the 50K for now, until we see total project cost and fuel dump approvals.,
my usual fuel load is 2200 gallons depending on weather, plus I will purchase more in STT due to higher fuel
costs in NY
