Subject: Jeffrey do you need me before flight at 71?

Jeffrey

I need clarification, are you having a problem with your gmail account everywhere or is it just on six??

Please let me know.

Keeping your computer exactly the same everywhere we can do once we have it "perfect in one place"

- Mac Os x server
- mobile
- using your laptop as a boot drive
- instead of having computers everywhere just get monitors and plug in a laptop

Hi Jeffrey,

I don't think we set up the gmail account upstairs ... I think you still used firefox Let me know if you feel this is urgent and would like me to fix it today or just put it on the list. Let me know. I could even work Sunday if you wish.

Just let me know and I will confirm

Thank you

Scott
