Anna,
Perhaps we should inspect our apartment as well - toxic to humans. When was the last time these were inspected? All units in every building including managers offices should be inspected.
I am looking into finding a professional mold remediation company to test and provide quotes for all buildings for Mr. Epstein.
I will let you know what I find. This is a priority.
Again I am here to help.
I would like to meet with you and Danny Vicars on Friday morning - say 9am at Tiki hut?

Best,
Leighton
