So

1. The girl arranges this business each summer in the US and other locations
2. She has colleagues
3. She has nobody behind her. At least those who know her say she has no patronage
4. So far she has been engaged in numerous hard stories with no consequences for the other participants
5. Therefore your information surprises. An effort to contact her has been made but she has not answered - looks like business problems. That may be a reason for blackmailing.
6. Deny of the access to the US would be a great threat to her business
