Greetings Sir,

His assistant Kenny is scheduled to go to the island on Monday to meet with Anna, Danny, Tap and Karl.

Yesterday he emailed Anna a mark up of measurements he wants Danny to confirm prior to verify the planned New Maintenance and Workshop building will not come too close to the abutment.

My surgery was yesterday, everything went well. I intend to call John this morning for an update on the filing of your permit for this building. He told me that was the reason for postponing the meeting last Tuesday with LSJ.

My continued understanding from John is the layout of the electrical/mechanical/wash basin for both the new Maintenance Workshop and the Garage Roof additions are straightforward, so there is no reason to believe I should not have the plans you requested soon after, so that we can begin working on real costs for you.

Respectfully, Daphne
