Dear Sarah,

Sorry for his mistake.

AnMarie onzon

Objet : Art Deco Collection

Patrick went to the sale of the Gourdon Collection to see The 'Tardieu' writing desk done for the Maharaja of Indore.

Unfortunately most of the pieces of furniture of Jacques Ruhmann are not perfectly preserved and the tray of the desk is slightly warped and the lacquer doesn't seem in better condition.

But some really impressive pieces need to be raised to our attention :

Lot N° 19 : A pair of Night table by Ruhmann

Lot N° 389 : A lightning Easel "Haardt"

Lot N° 461 : a Flacon by Jean Michel Franck

And the Lot N° 865 : a sculpture done by Jan et Joel Martel : "Trinité".
Hope you will find useful those information.

Wishing you a nice day.

Best Regards.
