Will do this tonight and follow up in the morning. I'm looking through everything now.

Hi Tyler,

<=span>

I see on google Webmaster that on the .org site, only 1 out of 9 pages are being indexed. Similar situation for the other sites that are no on Jeffrey's first page. The sites on Jeffrey's first page (usvi =nd foundation) seem to be properly indexed.

Could you look at that?

<=iv>

Thank you,
