4/28/07 – JEE approved purchase of fountain – attached E Mail from Emad & photo of fountain with approved sample

4/30/07 - Shop Drawings & Quote signed with a 30% deposit forwarded

Dear Bruce & Karen

This is a copy of a Bidder
I have for JE to Review.

The Real Problem with the
Existing Fountain is that it is
Too Small. The Trench Drain
at its Perimeter Drains away
Half the House. The Real
Solution is to Remove the Existing
Fountain completely and start over.

I don't know what the Fountain
should look like, most of the
ones out there are pretty awful

Regards

Jeffrey E. Epstein
