Yes, let's do it. I like most of it. Would like less personal attacks and more reasons why allegations are ridiculous..

Love the fact checking story. Just a few days ago, I toyed with the idea of posting a photo of me doing a preflight inspection and saying I wished other professions would have that requirement before putting innocent people's lives at risk. </=pan>

I only met Jeffrey Epstein, after I was adult. ( over 18). = I was never, ever, his " sex slave ". obviously a lurid chauvenistic categorization. which in my opinion could only have been made by some loser of a depressed male reporter. He was always kind , funny and generous to me . These fantasy fabrications made by a delusional thief. ( charged with stealing from the burger place and which she worked, though she claimed to paid thousands of dollars in cash and held at the beck and call of the genius tycoon. ) . Her story telling had it been done while sleeping would have been called dreaming, if awake, hallucinations but to the English press they are referred to as allegations . She claimed in the minutest of detail , her dinner with President Clinton on the Caribbean Island, How he arrived . ( by black heli). where he sat. &=bsp; ,(on jeffreys left.) a 21st century tale of &n=sp; power , sex , money . The fact is that this story is total make believe , fabricated on purpose to gain tabloid attention ,and easily refuted by readily available travel records of a former president. =nbsp; . it defies belief that any person would take seriously such a preposterous story. little different than her telling her father that she met the queen, whoops- he believed her though her mother at the relevant time complained that she must have been engaging in satan worship and asked that she be put her in a drug home. comon. I am currently a professional pilot with a spotless record. I have a checklist that I follow before every flight to verify that things are what they are supposed to be , checking her story which the press has refused to do would serve the public well. In this case human error is merely a euphemism or hijacking the truth ,
