Brice,

Below is from page three of the proposal presented, also attached is my
proposal too. NDA's, confidentiality agreements, will be taken care of.
Whatever the Principal needs will be signed, with scrutiny from many
attorneys on my end. My reason for sending you the email last night is
time is of essence (you clearly understand in your response), and the price
breakdown seen below will multiply by what I say it will the further the
Principal choses to wait. You folks could already be enjoying the benefits
of 15 megs download today. Like my email stated last night. I am a simple
person. Pay a bill on time, receive service. Because this is in the 5GHz
spectrum understand there cannot and will not ever be any SLA for this
service. This service in this spectrum is and will always be a best effort
service.

Good Luck,

 Steven
understand the time frame, regarding installation.
regarding choice of service provider, that was totally out of my hands, the
Principle requested a broad spectrum of service options
Also please understand,Richard and I have been working on this project for
over 3 years,

The Principle will require from you a detailed proposal.
stating service provision, (15 megs), MRC of $750
Hourly rate and number of hours to install link
Also outlining you own the equipment, 3000.00 for install of link
A Confidentially Agreement will need to be signed as well.

If you are unable to fulfill the above requirements, please let me know

regards Brice

Brice,

   I spoke with your trusted friend with, I think, Advanced Communications
who built the compound wireless network? Please forward this message on to
your bossman. The later we wait to execute, my price will go up. I am the
person who will be doing the work on the tower on the Crest. I am the
person who will be responsible for the delivery of the bandwidth required,
no one else!
   The price presented to you will terminate on 10/19/13. I can get the
job done by the end of October, but I do not want to be on the tower in
November and December. If you chose to wait to issue Higher-Speed Internet
a PO in November the price will quadruple. If you chose to issue the PO in
December the price will go up 20 times.
   I have a wife who lives in Los Angeles and interfering with my time
with her in these critical times of year is absolutely unacceptable to me,
I hope you and your bossman understand. I met you two months ago and
presented you with a viable and reasonable path for 15 megs download. We
could have had your bossman the bandwidth he wants a month ago.
   There are more providers of this bandwidth you require in the area, so
shop judiciously.
   I can provide what is required in a timely fashion, all without burdens
of contracts like Time Warner loves to bind you and your bossman to. I am
a simple person. Treat me right and I will treat you right. Golden Rule.
   This being said, thank you for inviting me to the Zorro Ranch. It is a
beautiful facility. Your bossman truly has a special place he has built
himself.

Kindest Regards,

Steven Grabiel
President

ice,

=A0=A0=A0=A0I spoke with your trusted friend with, I think, Adv=
anced Communications who built the compound wireless network?=A0 Please for=
ward this message on to your bossman.=A0 The later we wait to execute, my p=
rice will go up.=A0 I am the person who will be doing the work on the tower=
 on the Crest.=A0I am the person who will be responsible for the delivery o=
f the bandwidth required, no one else!=A0

=A0=A0=A0=A0The price presented to you will terminate on 10/19/13. I can ge=
t the job done by the end of October, but I do not want to be on the tower =
in November and December. If you chose to wait to issue Higher-Speed Intern=
et a PO in November the price will quadruple.=A0 If you chose to issue the =
PO in December the price will go up 20 times.=A0

=A0=A0=A0=A0I have a wife who lives in Los Angeles and interfering with my =
time with her in these critical times of=A0year=A0is absolutely unacceptabl=
e to me, I hope you and your bossman understand.=A0 I met you two months ag=
o and presented you with a viable and reasonable=A0path for 15 megs downloa=
d.=A0 We could have had=A0your bossman the bandwidth he wants a month ago.=
=A0

=A0=A0=A0=A0There are=A0more providers of this=A0bandwidth you require in t=
he area, so shop judiciously.=A0
=A0=A0=A0=A0I can provide=A0what is re=
quired in a timely fashion, all without burdens of contracts like Time Warn=
er loves to bind you and your bossman to.=A0=A0I am a simple person. Treat =
me right and I will treat you right.=A0 Golden Rule.

=A0=A0=A0=A0This being said, thank you for inviting me to the Zorro Ranch. =
It is a beautiful facility.=A0Your bossman truly has a special place he has=
 built himself.

Kindest Regards,
