remote bandwidth tests seem to indicate the network is very slow (=lower than it has been at this exact moment) will continue to check =nd report a speakeasy result

.... so slow it =ould be causing the ATV error or the Apple TV configuration is not =orrect or optimized at this time.

what =ocation on the island are these ?s =bout

also the universla remote that =s there is terribl.. keys are small and not well lit.. who =hose?

Bandwidth is still on =n ATT multi bonded time table still advise iphone data plan on =sland for you. but a real solution is still a few months out =ased on my last info from jermaine. Jermaine any =ews???
