Her phone goes straight to voicemail.

The doorman last night has been off for the last few days, and the one this morning isn't the usual one who is there during the day, so they weren't very helpful. I went in her apt and she's not there. Her apt looks the same as always; all of her things are there. Her laptop is gone though

when you come in tonight,, try again,, ask the doorman, and in the morning check again, and if necessary go into the apt. and see if she is still here.
