Hello [REDACTED]

[REDACTED] put the shower brackets 4" lower than what Mr. Epstein =sked for and the shower heads do not match the ones in his =hower.

Please discuss with [REDACTED] and come up with = solution. I took measurements today, which [REDACTED] should have from the =tart. Mr. Epstein wanted same type and same height as his shower for CB = & 2 showers

Mr. Epstein Shower heads
Center of bottom is 58".
Center of top =nbsp; 82.5.

Cabana 1 & two heights
Center of bottom is =nbsp;54.5"

Center of top is =9.5"
