Subject: SAFE Boat Bahamas Demo

Good Morning Larry,

I'm reaching out to introduce myself, I work for SAFE Boat and will be the primary point of contact on the new boat development for Mr. Epstein. Scott Peterson has briefed me on the conversations you all have had.

I will fly to the Bahamas to conduct the sea trial with you on the Royal Bahamian Police boat. Since we are asking them for a favor I want to make sure we give them ample advanced notice, they are very busy and are willing to assist us with you on June 1st. I'd like to confirm this date and time with you and outline what goals you would like to accomplish while we are together. Will you be the primary point of contact for this process if not who will I work directly with?

I live in North Carolina and work on a EST time zone which is more convenient for you.

I have been in the custom boat building industry for over 25 years and have built many custom boats and look forward to assisting Mr. Epstein in his boat build.

Respectfully,

John
