Subject: Information

Good Afternoon,

Darren asked for me to relay this to you ASAP Kerrie Holmes Eubank (painter on LSJ) was approached by a woman at the Red Hook Marine after getting off the boat this afternoon - please note she was the only female on board any of the boats. She informed Kerrie that she was a reporter trying to get information on Jeffery Epstein. She mentioned Mills & Kathy, Ms Maxwell, Prince William saying she required information and that she was going back at least 10 years. She said she had spoken to a number of people and if Kerrie knew anyone with information she could provide big money.

She followed Kerrie from the Marine over to the other side of Red Hook Main Street, continuing to ask questions Kerrie informed her that she was working in construction and only been on the Island just over 6 months - this being correct. She gave no details on any level Kerrie described her as small and pretty with long black hair and strong British accent, she did not give her name but showed Kerrie ID which may or may not have been a Press card We have contacted the LSJ managers giving her description and to let us know if anyone sees her to call Please advise Thanks Warmest regards
