There is some internal debate re: the revenue splits once the exclusivity period ends and I can syndicate / license my content out to third parties. I had 2 calls with them yesterday and it seems I'll see a new draft by around the 18th. Seems likely to close in early May. I can't worry about sharks. I'm focused on getting the best result possible. I have major sponsors all lined up and I'll be recouped almost day one and be in the money very fast. It would all be better from the islands.
