Dear Richard,

I am sure you will agree that there is simply no point in me was=ing your time bt providing assurances/time frames that are outside my contr=l.

Jeffrey is a very long standing friend=of 25 years plus. He knows full well that I will honour my debt. It's a mat=er of great embarrassment to me that again I have taken longer than planned=to do so.

Take it as read, that this is a=matter of top priority. It has neither been overlooked or forgotten.=br>With best wishes,

Mark
