Jeffrey,

The lawyer is able to speak with you tomorrow afternoon in person or over the phone.

You know I am stuck and I couldn't even consider this option without you so I appreciate that you are willing to help with the EB5 but I don't want to just accept it without being able to help you in return. One of the few things I have at the moment that you always need more of, is time. So I'd like for you to think of a way I could use it that would be most beneficial to you. That's my suggestion but if there is something else you would like instead, tell me.

No need to respond today, enjoy your birthday !

Conference call works better for me. But I think it will be a much better explanation in person, if at all its possible. I will be back from my meeting around 12:30-1:00pm and should be able to meet/talk after that. Let me know a good time so that I make sure I keep myself free. In the meantime, I am not stopping work on your current project, nor should you.

Best
