Subject: Re: ZDC Microwave/Fiber

Got it
I will contact Future Tech for two proposals for licensed and unlicensed links

Hector advise we contact Future Tech and have them design and install, link from Sandia to Ranch due to the distance involved
at the same time they can design short hop from The big tower on ranch to main house

Confirming you wish to start with an unlicensed link first and at the same time proceed with a licensed link application?</div>

Sorry
We were in the Jaguar sanctuary
yesterday, no cell service

Centurylink Engineers confirmed Fiber is close (8') to a conduit that runs (70') to
the ZDC present tower location on Sandia Crest
Centurylink have indicated they will be forwarding service agreements this
week

I would advise we wait until we have received service agreements and review
before proceeding with equipment purchases
This does look promising

Regards Brice
