Jeffrey,

Please review the attached and let me know what option you would like to add if any so that I can get a price form the dealer that I can negotiate and be able to give you a delivered cost to LSJ.

I have also located a white 2010 Demo Passion Cabriolet that has 3,500 miles and asking price is \$ 15,000 before negotiating so if your interested in getting a used one I can look into this further for you.

Please advise which way you would like to go.

Thank you

Emad Hanna
