Greetings Rich,

Ryan does not need a deposit. He would like to begin with the Road Plan, but has a question about the Dock site that needs JE advisement. Please see below, DW

Daphne,

We will begin work on the road plan. A deposit is not necessary for that effort.

The dock survey is dependent upon site selection to be determined by others. Mr. Epstein has a general idea of the location for the dock but a Marine Scientist (such as Amy Dempsey with Bioimpact) should be retained to determine a location free of coral.

Perhaps now we focus on the road plan and determine who will make the site selection for the dock. Your thoughts?

Sincerely,
