Subject: Hi

How are you. I am sure you are quite busy= but I was curious in a completely confidential way (and not asking him abo=t it), if you heard anything from Jeff on whether he enjoyed at all the gro=p I put together for him on Little Saint John's last January. While there, h= appeared to be having a grand time, engaged, laughing, smiling, and intera=ting with my crazy group of friends. He even regularly joined us at the res=aurants, something he is known for avoiding. Everyone around me said that h=d not seen this before; however, afterwards, he sent me a pretty nasty note=about the whole thing and what a complete waste of time it was. What was we=rd is that he sent me an email by proxie, but it was completely obvious tha= it was entirely written by him (as it was his style, spelling mistakes, choice of wording, etc). I worked p=etty hard to give him a good and fun time, and everyone else enjoyed it, bu= I certainly got very mixed signals from him. I do know on the sly that he h=s been continuing to interact in an excited way with one of the people I in=roduced him to, but I don't get a peep out of Jeff. I don't know if he is m=d or what. Without saying a thing to him, is there any way you can give me a=temperature gauge? Is he angry at me or what. Perhaps, he just doesn't care= I don't know. I am happy to leave him in peace if that is what he wishes.<=div>

I haven't had a peep out of him, other than a quick=request to get him into TED, as I managed to get G. in. Nothing more.

=div>

Appreciatively,  
Al
