Thanks boss.

I will adjust the scope of work to include your suggestions.

On another note, in regards to the phone system, I spoke with Dean Dennet, an associate with Innovative. He confirmed my suggestion about expanding the system to accommodate more extensions. I also mentioned Jim about the problem with line 1 on the kitchen extension since he was the one who resolved the issue when Terrence was troubleshooting our phones in the past.

I would like to request permission from Innovative to have Mr. Dennet specifically assigned to us to resolve the current problem. Innovative charges \$85 per hour. May I contact them and set a date?

Regards

JRuan
