Subject: Re: media centers for chill room..

Hi [REDACTED],

Thank you, personally I preferred the white sliding door piece that you forwarded which I sent back to you and given price extra seems a good deal. Concerned about having to many different colors of wood in such a clean white space and as mentioned there will be electrical cords down the base, hence high legs, maybe not the way to go, either way it can only get better from what we have at the moment Warmest regards [REDACTED]
