Subject: Your help with NEURO.tv

Dear Mr. Epstein,

I hope this email finds you well. I am writing to ask if you have come to a decision on the renewal of your support for NEURO.tv for this year. We have now launched our Kickstarter campaign for Season 2, which can be viewed here <<https://www.kickstarter.com/projects/1309499156/neurotv-season-2-neuroscience-brains-philosophy>> .

As I have indicated on my last email, NEURO.tv provides a unique opportunity for neuroscientists to discuss their work on the public space, giving everyone access to the latest thoughts of the best scientists of our era.

However, we really cannot make this happen without your help. For Season 2, we want to grow the size of the audience as well as improve the educational value of our show. Please let us know if you would be able to continue supporting this unique educational experience. The entire NEURO.tv thanks you for your time and generosity.

By the way, we have just released our first episode with me as a main host! <http://neuro.tv/page/14-end-sex-hank-greely>

Sincerely yours,

VelaSusan Park
