OK to proceed?

I just want to make sure you are good with the size being 10'x12' for the master bedroom, as this is the same size rug I'm going for the 2 smaller guest rooms. I want to make sure it is going to be big enough for the master.

Hi [REDACTED]

Attached is the cad for the Master Bedroom Rug.

Let me know if you have any questions or need us to make any adjustments.

Thanks!
