Subject: Introduction Kris - Jeffrey/ re IT search

It is my pleasure to introduce two of my friends.=/span>

I briefly mentioned you few words about each other so I will=not go here into it. Let's leave it with just that I think a world =f both of you :)

Kris – as I mentioned you, Jeffrey is searching for an outstanding senior IT person to set up and run his network. Jeffrey n=eds to connect several of his properties and assure that trading and other transactions are happening seamlessly. He would require a person operating it from NYC.

You mentioned that you know few great candidates, one of whi=h (that UK guy) seems a great candidate.

As I am traveling – perhaps it would be the best that =ou two communicate directly.

Kris' cell is [REDACTED]

Jeffrey' number: 561-655-7626

All the best

Boris
