Jeffrey,

This attached truck is available right now at a price of \$ 35,900 and shipping is estimated at \$ 2,400 to get it to St. Thomas.

I can not get it inspected for several days and we may lose this truck, I will need to put down a deposit of 10% in order to hold it and if we don't like it they will hold the deposit for a different truck.

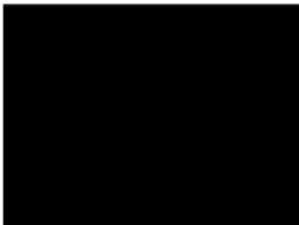

Deposit will not be wired until Brice and Arran and the mechanics look at the specs and give the go ahead.

Thank you
