Hi Myla,

Just sent the following reply to Sheikh Al Khalifa's charter broker Nadia so hopefully you / we will receive a favorable reference : =

Dave

Dear Nadia,

Thank you for your kind message of support

I am very proud of the achievements, charter reputation & recognition MY Te Manu has received from charter broker, Managers & numerous repeat charter clients during my tenure as Captain and I hope the new Captain / crew will continue to build on the yacht's long established charter record.

Loyalty & longevity are rare commodities in the Yachting Industry & my decision to resign from MY Te Manu after such a long tenure was not an easy decision to make but with two young children in Florida, I could no longer continue to be away from home for eleven months of the year on extended international voyages.

Confidentiality Assumed:

Rotational positions on busy 50 m commercial yachts have become increasingly common place during the past ten years & its unfortunate that agreement for a rotational position could not be considered by the yacht's owner.

The Chief stewardess "Myla Trestiza" and her husband, the yacht's First Officer "Phil Baker" have also recently resigned from their positions aboard MY Te Manu and I believe a number of other crew members have also decided to resign for their positions so the dynamics of the yacht have changed dramatically.

It has always been a pleasure to work with you during the very successful charters with Sheikh Al Khalifa

As a highly respected charts broker, It would be greatly appreciated if you would take time to prepare two letters of reference for myself & Myla Trestiza based upon your personal / clients charter history & experience aboard MY Teanu.

Please extend our very best wishes to Sheikh Al Khalifa when you next meet

Kind regards

DAVE JOHNSON
